25 June 1982

MEMORANDUM FOR: Executive Director

FROM: Stanley Sporkin
General Counsel

SUBJECT: Weekly OGC Report for the DCI/DDCI

ITEMS OF MAJOR INTEREST - 19 - 25 JUNE 1982

Procedures Implementing E.O. 12333. The new procedures governing CIA activities outside the United States and those relating to the conduct of counterintelligence activities outside the U.S. by the FBI will become effective on 29 June. Copies of both sets have been forwarded to the Senate and House Intelligence Committees. In response to requests by the Chief Counsels of both the SSCI and HPSCI, representatives from OGC and PCS/DO met the week of 21 June with Committee staffers to provide a briefing and answer questions. Small Business Legislation. On 23 June the House passed H.R. 4326, the Small Business Innovation Research Act of 1982. The Bill contains an exemption for Intelligence Community components (including DOD components) from a requirement to set aside a fixed percentage of research and development budgets for contracts with small business. The Intelligence Community provision was the only major exemption to remain intact following spirited floor debate on this measure. Attempts to obtain a similar exemption for the entire Department of Defense were unsuccessful. The Senate is expected to recede from its version of the legislation in Conference and accept the House Bill containing our exemption. HPSCI Chairman Boland took the lead in securing the Intelligence Community exemption after we called the problem to the attention of the HPSCI staff. [REDACTED]

Human Subject Research Panel. This Panel reviews the human subject research sponsored by the CIA, ensures that it is conducted under Health and Human Services guidelines pursuant to E.O. 12333, and fulfills the Agency's statutory obligation to report to the President's Commission for the Study of Ethical Problems in Medicine and Biomedical and Behavioral Research. The Panel has now finished reviewing three new research projects and will be sending its recommendations to the DCI. Recently, the Panel's legal advisor represented the Agency at the initial meeting of a task force formed to study and comment upon nine recommendations made by the Commission to Congress. The meeting was chaired by the HHS Assistant Secretary for Health and included representatives of 33 federal departments and agencies. The task force will present a report in September. [REDACTED]

CONFIDENTIALANTICIPATED SIGNIFICANT EVENTS - 26 JUNE - 2 JULY 1982

Legislative Developments. Representatives from the Offices of General Counsel and Data Processing will be meeting with House Intelligence Committee staff on Monday, 28 June, to discuss section 502 of S. 2487, the Senate version of the FY 1983 Intelligence Authorization Bill. This section would amend the Central Intelligence Agency Act of 1949 to overcome the restrictions on automatic data processing equipment and service acquisition currently contained in the Federal Property and Administrative Services Act [redacted]

25X1

The Senate is expected to take up S. 2487, the FY 1983 Intelligence Authorization Bill, on Wednesday, 30 June 1982. We anticipate that a floor amendment to title IV of the Bill, the Supplemental Authorization for FY 1982, will be offered. This amendment will be designed to remedy the personnel ceiling problem which has been the subject of discussion between the Agency and the Intelligence Committees. [redacted]

COMPTROLLER CHECKLIST

- We transmitted the CIA FY 1984 Budget Forecast to the IC Staff last week. In accordance with the procedures of the new CPB budget system, the Forecast provides a brief overview of the developing 1984 program. It notes that (1) the base program as requested by the Directorates equals ICS guidance, (2) ongoing initiatives have grown significantly and exceed ICS guidance [redacted] and (3) many important new initiatives cannot be accommodated at high guidance. An argument for [redacted] guidance for new initiatives is presented primarily in response to growth in national program support and NSC mandated covert action programs. [redacted]

1. Legislative Liaison Division

Nothing significant to report.

2. Public Affairs Division

Presidential Visit: In the aftermath of President Reagan's visit to Headquarters on 23 June to sign the Intelligence Identities Protection Act, the White House staff involved in coordinating the arrangements for the President's visit has expressed enormous satisfaction with how well CIA handled the visit and assisted them. After learning of the death of [REDACTED] who died during the President's visit, the White House staff has agreed to ask President Reagan to send a letter of sympathy to [REDACTED] family. Press reaction to the visit, although not page one coverage, was widespread enough to achieve our goal of sending a message to the world regarding the identities legislation. The only glitch in the event of major consequence occurred when the White House staff allowed a Swiss correspondent to slip into the news media personnel that were present, despite our embargo on foreign press on Agency grounds.
